10. GUIDELINES FOR TRAINING PROGRAM IMPLEMENTATION

The program is designed based on the regulations on university training of the Ministry of Education and Training, and is applied to Hospitality management students from the 2025-2026 academic year.

The training process is based on the designed curriculum, training objectives and target audience, human resource requirements, and specific training requirements. For elective courses, depending on the actual situation of the development trends and social needs, the Department will advise students on choosing appropriate courses.

The Dean of the Department is responsible for organizing and guiding the principles for developing detailed syllabi to ensure that objectives, content, and requirements are met, while also satisfying the needs of learners and society.

The training program will be reviewed and updated at least once every five years to meet the development of the Hospitality management industry and align with socio-economic development needs.
